

Dear Parents and Community Members,

Grove Public Schools would be appreciative if you would fill out this quick survey. We are seeking information for the Long Range Planning to make Grove Public Schools a better educational facility for our students. **Please print and fill out the survey and return to school with your child or bring to the superintendent's office.**

Thank you,

Sandy Coaly, Superintendent

Long Range Focus Group Meeting Questions

What does the school system do that works? What are its strengths and successes?

What is it about the school system that is not working so well right now? What could the school improve upon?

What are the priority needs/obligations/values of the community with respect to its educational system?

What trends (educational, demographic, etc.) and opportunities should the schools be addressing that they are not addressing now?

What are the external threats or issues that the schools must address?
